### ABOUT ME

---

*My passion in music and content creation led me to start wondering how the tools that get me closer to my dreams actually work and are made. After reading a Swift book, I ended up falling in love with the language and its possibilities and now I enjoy putting my creativity into code so I can contribute in great projects.*

### EXPERIENCE

---

#### Soundspace Academy

Condesa, CDMX

*Music, visual art and networking educational center*

iOS Project Developer (Freelance)

October 2022 - Present

- Developed the SSA Test Tool App using UIKit and Firebase and increased the overall student satisfaction.
- Managed to get the app approved by App Store Connect for internal and external testing with TestFlight.
- Presented the initial project results to end users in the Soundspace Experience Winter 2023 event and developed internal marketing strategies for the app.
